Ohio BMV Adopts New Statewide Policy on Gender Markers

Change happens from the bottom up. That is the heart of a grassroots movement, change, initiated by the Average Joe (or Janel!).

The catalyst to these grassroots-type movements often stem from individuals in society who find themselves hitting walls of bureaucracy and confusing policies that those who need to administrate them are often unsure about as well.

The recent Ohio BMV "Declaration of Gender Change" policy change reflects exactly this type of grassroots movement.

Over the years, many Transgender Ohioans have had issues changing the gender marker on their Ohio driver's license. Sometimes, changing your gender marker depended on which BMV office you went to - Conservative county offices might give you the run around, versus, visiting an office in a more liberal county, one might not run into any issue.

For several years, we've said that it's a hit-and-miss kind thing when it comes to the ease of changing that ever important gender marker. Really, our livelihood depends on it. State is-

sued IDs are required for employment, to drive, to open a bank account, to cash a check, to get a post office box, traveling, and so on. For many, an identification card with the correct name and gender marker often became an issue of safety. In mid 2007, a transgender woman from North-West Ohio encountered issues with changing her gender marker on her Ohio driver's license. Since then, she worked to create a professional relationship with the administrators at the Ohio BMV to create an open dialogue which allowed an honest exchange of information and an opportunity to provide education about Transgender people to the administrators. Remember the meaning of Grassroots?

Over the last few years, your statewide Ohio GLBT grassroots organizations, TransOhio and Equality Ohio, have worked alongside this Average Jane, longtime advocate Meral Crane and the administrators at the Ohio BMV to create a fair and accessible statewide policy managing gender marker changes on Ohio driver's licenses.

Finally, this has come to fruition. Effective immediately, a statewide policy - "Declaration of Gender Change" - has been put into effect by the Ohio BMV.

HB 176 Passes Ohio House of Representatives

With a vote of 56 to 39, the Ohio House of Representatives passed HB 176, the EHEA. The historic vote marks the first time in Ohio that a vote on the floor of the Ohio General Assembly has occurred on legislation protecting people. The bill now moves to the Senate.

This win would not have been possible without years of hard work and dedication to change from activists across Ohio. Congratulations and thank you to everyone who played such a vital role in making today a reality.

Ohio BMV Adapts Statewide Policy on Gender Marker

How this process works:

- Transgender Ohioans need to phone the main office of the Ohio BMV (located in Columbus) to request the "Declaration of Gender Change" form. The main office number is: 1-614-752-7500.

(This form is not yet available online, and will not be until it is officially assigned a form identification number by the Ohio BMV.)

- The "Declaration of Gender Change" form will be mailed to the requester.
- Licensed Physicians, Psychologists and Therapists are the only one's allowed to sign this form.

(To be qualified, the medical professional must attest that the transition is being conducted in accordance with the guidelines set forth in the World Professional Association for Transgender Health's (WPATH) Standards of Care, formally known as the Henry Benjamin Standards of Care).

- The individual requesting the gender marker change will need to have their physician, psychologist or therapist complete and sign the "Declaration of Gender Change" form.
- Completed forms should be mailed or faxed to:

Ohio Bureau of Motor Vehicles
Attn: License Control
P.O. Box 16784
Columbus, Ohio 43216-6784
Phone: 1-614-752-7500
Fax: 1-614-752-7987

***Note: Don't forget to make a copy of the paperwork for your records.*

- Turn-around and processing time is 7-10 business days. The Ohio BMV will notify the applicant in writing that their information has been changed.
- The individual will then be able to take that written notification to their local BMV office to get their new license issued. The old license must be surrendered.
- BMV fees DO APPLY to the issuance of your new Ohio Driver's License or state-issued ID card.

There are a few additional points of information on the "Declaration of Gender Change" form that we feel are important to point out:

- If gender identification is marked as transitional, a new form must be submitted for each driver's license/ID renewal until gender identification is complete. If the form is not submitted at renewal, the gender marker will revert back to the original gender.
- Each individual is limited to changing their gender back to the original gender on their driver's license or ID card one (1) time.

Frequently Asked Questions

Q: I reside in Ohio, but my doctors and therapist are out of state. Can they sign the "Declaration of Gender Change" form?

A: Yes. Any licensed physician/psychologist/therapist is qualified to sign the "Declaration of Gender Change" form as long as they are in accordance with the guidelines set forth in the World Professional Association for Transgender Health's (WPATH) Standards of Care.

Q: Does my physician/psychologist/therapist need to be a member of WPATH?

A: No. Any licensed physician/psychologist/therapist is qualified to sign the "Declaration of Gender Change" form as long as they are in accordance with the guidelines set forth in the World Professional Association for Transgender Health's (WPATH) Standards of Care. Membership to WPATH is NOT a requirement for your physician/psychologist/therapist.

Q: Do I need to have any surgery to have my gender marker change on my Ohio driver's license?

A: No. The Ohio BMV no longer requires a letter from your surgeon stating you've had SRS.

Q: Is my information public information?

A: No. All records of the Ohio Department of Public Safety or Bureau of Motor Vehicles relating to the physical or mental condition of any person are confidential and are not open to public record.

Q: Can my gender marker be changed if I haven't had a court ordered name change yet?

A: Yes. You can change your gender marker even if your name has not been changed.

***Note: TransOhio does recommend making sure that if you've not had your name changed through the Probate Court, that you do so as soon as you're able to, so that your name AND gender reflect correctly on your new driver's license.*

Q: I heard that there is a new format for Ohio driver's license. Are driver's licenses being issued with a pink background for women, and a blue background for men?

A: There is a new format for the Ohio driver's license. The background color is pink for all driver's licenses.

Additional questions about the "Declaration of Gender Change" form? Call us at 614-441-8167. Remember, change does happen from the ground up. These are the types of changes that can happen when individuals get involved and become part of the movement. Get involved with your state-wide organizations, TransOhio and Equality Ohio, we are here, working for you. Working so that all Ohioans feel at home in Ohio.

Bear Bergman to Launch New Book *The Nearest Exit May Be Behind You* in Columbus

Multiple award-winning writer, performer, gender-jammer and instigator S. Bear Bergman returns to Columbus after a two year hiatus with his new book, *The Nearest Exit May Be Behind You*.

Alternately unsettling and affirming, devastating and delicious, *The Nearest Exit May Be Behind You* is a new collection of essays on gender and identity that's irrevocably honest and endlessly illuminating. With humour and grace, Bergman spins stories from women's spaces to the old boys' network, from gay male bathhouses to lesbian potlucks, from being a child to preparing to have one; and throughout shows just what kind of things you learn when you're visibly queer to the naked eye. As usual, expect digressions, jokes, off-label stories, time for questions and reckless flirting.

The Stephanie Chaffin Fund

Please consider a donation to The **Stephanie Chaffin Fund** through TransOhio and Stonewall Columbus. This is another symbolic way of keeping Stephanie's name alive. This goal is deemed more meaningful in light of the way Stephanie's estranged and rejecting family chose to have a funeral where she was shown as a man. Your contribution no matter how small will be very welcome. At the end of each Stonewall TG support group meeting, we typically pass around an envelope to collect donations to help Stonewall. Stephanie, whose funds were clearly limited as a result of which she neglected and could not afford to take her heart medication, used to always empty her pockets of the change she had on her, which was at times as little as a few cents. Thus please contribute what you can as Stephanie did. Our goal is to have The Stephanie Chaffin Fund be used for a medical emergency for a transgender person, such as the kind of medical help Stephanie could have benefited from.

Donations for The Stephanie Chaffin Fund can now be made online through the TransOhio and Stonewall Columbus website. To donate to The Stephanie Chaffin Fund, visit <http://www.transohio.org/donate.html>. Donations made to this fund are tax-deductible through Stonewall Columbus.
